Re: Notice of *Ex Parte* Meeting, Safeguarding and Securing the Open Internet, Docket No. 23-320

Dear Ms. Dortch:

On March 29, I met by video conference with Justin Faulb, Chief of Staff and Legal Advisor for Wireline and National Security for Commissioner Starks. I participated in the meeting in my personal capacity.

At the meeting, we discussed the relationship between 5G network slicing, the no-throttling rule, and specialized services. My presentation was in line with my prior filings in this proceeding.¹ I attach the slides I used in my presentation.

I apologize for the lateness of my filing. I have been dealing with an ongoing family emergency.

Should you have any questions, please do not hesitate to contact me.

Sincerely,

Barbara van Schewick
